

Preliminary programme

Thursday, October 5th

**08:30h-10:30h Session 1: Hot topics in PAD: LINC @ SITE
AUDITORIUM**

- In-depth analysis of the literature: what is the right answer?
 - 1- BEST-CLI: an endo first approach is best for treating most CLTI patients (or not)
 - 2- SUPERSURG RCT trial: open surgery is best for treating CFA (or not)
 - 3- Forget PTX, Limus is the future of fem-pop treatment (or not)

Discussion

- How to deal with thrombus? Experience sharing of thrombectomy devices in PAD
 - 1- JETi System
 - 2- Angiojet System
 - 3- Penumbra System

Discussion

LIVE CASES TRANSMISSION

LC PAD 1

Live case 1

Live case 2

Live case 3

10:30h – 11:00 Coffee Break

11:00h - 12:00h Session 2: Top Secrets for PAD treatment. My choice
AUDITORIUM

1-No fear of brachial access. When is my first option?

Discussion

2-My algorithm to cross and the importance of selecting the right wire in each situation

Discussion

3-How to avoid and how to treat the recoil?

Discussion

4-How to treat in-stent restenosis?

Discussion

12:00h - 12:30h Session 3: Free papers in PAD therapy
AULA MAGNA

LIVE CASES TRANSMISSION

LC PAD 2

Live case 1

Live case 2

Live case 3

12:00h - 13:00h Session 4: FYA@SITE. From nightmares to sweet dreams (or not).

Disaster cases

AUDITORIUM

Disaster case 1

Discussion

Disaster case 2

Discussion

LIVE CASES TRANSMISSION

LC PAD 2 (Continuation)

Live case 1

Live case 2

Live case 3

13:00h - 13:30h Sponsored symposium

AUDITORIUM

iCover covered stent

13:30h - 14:00h Lunch

**14:00h - 15:30h Session 5: Free papers Vascular Nursing
AULA MAGNA**

**14:00h - 15:30h Session 6: Hot topics in PAD
AUDITORIUM**

- 1- Do BMS still have a role in F-P?
- 2- What is the best endovascular therapy in infrapopliteal vessels?
- 3- Should the plantar arch be our target? When and how?
- 4- Slow flow phenomenon after DCB: what is it and how important is this?
- 5- Previous endovascular treatment affects future bypass: myth or fact?
- 6- When should we use IVUS in PAD?

Discussion

15:30h – 17:30h Self-service tea and coffee station

**15:30h - 16:00h Session 7: CiB1: Case in a box
AUDITORIUM**

Case in a box 1
Discussion

Case in a box 2
Discussion

**15:30h - 16:00h Session 8: Poster presentation PAD
AULA MAGNA**

**16:00h - 16:45h Session 9: Controversies in PAD: Amputation epidemic
AUDITORIUM VIP@SITE**

- 1- Cost-effectiveness of endovascular treatment, open surgery and primary amputation in CLTI
- 2- No options patients: when deep venous arterialization and how to do it, when conservative treatment, when primary amputation?

Live poll & discussion

**16:30h - 18:00h W1- Vascular Nursing Workshop 1: Ultrasound-guided puncture
WORKSHOP ROOM**

**16:45h - 17:30h Session 10: Tips & tricks in PAD therapy and diabetic foot
AUDITORIUM**

1- CO2: when to use it and how to optimize it?

Discussion

2- How to reduce major amputations in diabetics? Surgical offloading
adjuvant techniques and minor surgeries

Discussion

3- Septic foot: extreme limb salvage

Discussion

**17:30h - 18:30h Session 11: How do I do it? Vascular ART@ SITE
AUDITORIUM**

1- Management of aorto-iliac occlusion

Discussion

2- Vessel prep in fem-pop area

Discussion

3- Management of popliteal occlusion

Discussion

**18:30h - 19:00h Session 12: Challenging cases in PAD
AULA MAGNA**

**18:30h - 19:15h Session 13: Vascular nursing: Fast track in lower limb
revascularization
AUDITORIUM**

(Additional Live Cases session running parallel to the program in the afternoon if possible)

Friday, October 6th

08:00h – 09:30h Session 14: Top secret session, HTDI@SITE. Ascending and arch endorepair

AUDITORIUM

- 1- Endo-Bentall procedure
- 2- Total endovascular repair of the arch with branched endografts
- 3- Fenestrated endografts for arch pathology
- 4- Physician-modified endograft in ruptured aortic arch
- 5- Chinese Experience in endovascular arch repair
- 6- Leave nothing behind

LIVE CASES TRANSMISSION

LC AORTA 1

Live case 1

Live case 2

Live case 3

09:30h - 10:00h Session 15: PVI @ SITE Great debate: Ascending and arch repair

AUDITORIUM

- 1- Endo should be the winner
- 2- Open will remain the gold standard

Live poll & discussion

10:00h – 10:30h Coffee Break

10.30h - 11:30h Session 16: Hot Topics: Aortic dissection, New Frontiers @ SITE

AUDITORIUM

- 1- Acute Type A Aortic dissection: How do you approach today?
- 2- Acute and subacute Type B dissection: When and how I use PETTICOAT technique
- 3- When and how I use STABILISE technique
- 4- Endovascular approach for Chronic Type B dissection: My most recent tips and tricks
- 5- Spinal cord protection strategies

11:30h -12:30h Session 17: Disaster cases, Critical Issues @ SITE

AUDITORIUM

Disaster case
Discussion

Disaster case
Discussion

12:00h - 12:30h Session 18: Free papers in Aorta

AULA MAGNA

12:30h - 13:30h Session 19: Poster presentations Vascular Nursing

AULA MAGNA

12:30h - 13:30h Session 20: Radiation exposure reduction, LIVE @ SITE

AUDITORIUM

- 1- Application of ESVS radiation safety guidelines in EVAR procedures
- 2- Present and future adjuncts looking for a radiation-free endovascular repairs
- 3- IVUS in my daily live
- 4- Update on robotics for EVAR/TEVAR procedures

13:30h -14:00h Sponsored symposium

AUDITORIUM

14:00h - 14:30h Lunch

14:30h – 16:00h Session 21: iMAC @ SITE. The best endovascular approach for no infrarenal neck & thoracoabdominal pathologies

AUDITORIUM

1. Fenestration is outdated: off the shelf Branched therapy is the way to go.
2. Fenestration is outdated: branched therapy is the way to go
3. Surgeons modified endografts can fill the gap
4. Fenestration still the way to go: we even need new platforms
5. There is no good technique
6. Still any room for parallel grafts?

LIVE CASES TRANSMISSION

LC AORTA 2

Live case 1 - Supported by Bentley

Live case 2

Live case 3

**15:30h - 16:00h Session 22: Posters presentation Aorta
AULA MAGNA**

16:00h – 18:00h Self-service tea and coffee station

**16:00h – 17:00h Session 23: Innovation session
AUDITORIUM**

- Presentation: BioCAT
- 3 best innovation projects

**16:00h - 18:00h W2 - Vascular Nursing Workshop 2: Negative Pressure Wound
Therapy (NPWT)
WORKSHOP ROOM**

**17:00h - 18:00h Session 24: F/EVAR tips & tricks, SERVEI @ SITE
AUDITORIUM**

1. Are all deflectable Sheaths the same? My tips and tricks
2. Percutaneous ultrasound guided treatment for endoleaks: my choice
3. Next generation bridge stents. Do we need any specific technique to use them?
4. Long term experience in tortuous anatomies
5. Diagnostic and treatment of post EVAR endoleaks

**18:00h - 19:00h Session 25: HOT Topics in Aortic Therapy, CEC @ SITE. New
technologies
AUDITORIUM**

1. Advanced imaging technologies: advanced fusion
2. Advance diagnostic technology
3. Endovascular new tech
4. 4D flow technology applications in aortic disease diagnosis and prognosis
5. Artificial Intelligence can predict risk of complications after endovascular aneurysm repair

19:00h - 19:30h Session 26: Challenging cases in Aorta
AULA MAGNA

19:00h - 19:45h Session 27: Vascular nursing: A flavor to SITEUpdate. Challenges for nursing in aortic team setup
AUDITORIUM

(Additional Live Cases session running parallel to the program in the afternoon if possible)

Saturday, October 7th

08:30h – 09:30h Session 28: Endovascular treatment of the acute deep vein thrombosis

- 1- Evidence on medical treatment of acute DVT
- 2- Are there evidenced indications for an endovascular treatment of an acute DVT
- 3- Current and new tools to improve results. What we need
- 4- Limitations and opportunities. How to manage the paradigm shift

Case in a Box

Discussion

09:30h - 10:00h Session 29: Free papers in Venous AULA MAGNA

09:30h – 11:00 Session 30: Endovascular treatment of deep chronic vein insufficiency and or postthrombotic syndrome

- 1- What challenges do we face? What is the dimension of the problem?
- 2- Medical and non-surgical management of deep CVI
- 3- Pure endovascular approach to the problem
- 4- Combined (open & endo) approach to the problem

Case in a Box

Discussion

10:30h – 11:00h Coffee break

11:00h - 11:30h Session 31: Posters presentation Venous AULA MAGNA

11:00h – 12:10h Session 32: Pelvic venous insufficiency and management on compression syndromes

- 1- Correct diagnosis and problem dimension of pelvic congestion syndrome
- 2- Planning for treatment: material and strategies in PCS
- 3- Venous Compression syndromes. When should we intervene?
- 4- Endovascular first also in pelvic venous disorders
- 5- Open surgery in Venous compression syndromes. Tips and ticks

Case in a box

Discussion

**12:00h - 12:30h Session 33: Challenging cases in Venous
AULA MAGNA**

**12:10h – 13:15h Session 34: What´s new and trending in superficial venous
insufficiency**

- 1- Ecotherapy for varicose veins. What we have already learnt in last two years?
- 2- Spanish experience with ecotherapy.
- 3- Different glue characteristics are for different varicose veins?
- 4- Non-Thermal Non-tumescent solutions. New applications?
- 5- Has foam sclerotherapy alone a role in varicose veins?

Case in a box

Discussion

13:15h – 13:30h Awards ceremony

13:30h – 13:35h Closing remarks

13:35h Light snacks and refreshments
