Dr. Alessandro Isidori

Marche Nord Hospital, Pesaro, Italy

Alessandro Isidori, MD, PhD is Hematologist at AORMN Hospital in Pesaro, Italy. His research activities are mainly focused on the diagnosis and treatment of acute myeloid leukemia. He was the winner of the European Hematology Association (EHA) Clinical Research Grant in 2005. He is member of the EHA Acute Myeloid Leukemia Scientific Working Group, of various scientific societies and International Ambassador for the Society of Hematologic Oncology (SOHO). He published 131 papers in peer-reviewed journals and 5 book chapters. Since 2010 he has been involved in many educational activities at national and international medical conferences, either as invited speaker or chairman. He is Specialty Chief Editor for *Frontiers in Oncology*, Hematologic Malignancies Section, Associate Editor for *Frontiers in Immunology*, *Cancer Immunity and Immunotherapy*, and member of the Editorial Board and Reviewer for several highly cited international journals.
