

21 September

From evidence to
decision-making:
optimizing
neoadjuvant
strategies in luminal
early **breast cancer**

Integrating biology, genomics and
clinical evidence into practical
decision-making

Coordinators

Dr. Ángel Guerrero

Instituto Valenciano de Oncología (IVO), Valencia

Dr. Federico Rojo

Hospital Universitario Fundación Jiménez Díaz, Madrid

Dr. José Ángel García-Sáenz

Hospital Clínico San Carlos, Madrid

Organiza:

GEicam
investigación en
cáncer de mama
www.geicam.org

16:00 - 16:20

Biological Stratification as the Foundation for Early Decision-Making

Dr. Federico Rojo

Svo Oncología, Hospital Univ Fundacion Jimenez Diaz, Madrid

16:20 - 16:40

Neoadjuvant Endocrine Therapy: Scientific Rationale and Clinical Validation

Dr. José Ángel García Sáenz

Hospital Clínico San Carlos, Madrid

16:40 - 17:00

ADAPT: Operationalizing Genomics and Ki67 in Neoadjuvant Decision-Making

TBC

17:00 - 17:20

CARABELA: Exploring Future Application in the Spanish Clinical Context

Dr. Ángel Guerrero

Instituto Valenciano de Oncología (IVO), Valencia

17:20 - 17:40

Integrated Panel Discussion & Audience Q&A
