Lee Jones

Memorial Sloan Kettering Cancer Center, New York, USA

Dr. Lee W. Jones is a Member and Attending Physiologist in the Department of Medicine and Director of the Exercise-Oncology Service at Memorial Sloan Kettering Cancer Center. Dr. Jones completed PhD and Postdoctoral Fellowship in Exercise Oncology at the University of Alberta (Edmonton, Alberta, Canada).

Dr. Jones joined MSKCC in February 2014. His research program focuses on a translational approach to the investigation of exercise to: (1) mitigate the cardiovascular side effects of cancer treatment, and (2) inhibit tumor cancer initiation and progression. He has published numerous scientific articles and his research program has been supported by the National Institutes of Health, American Cancer Society, and U.S. Department of Defense.
