Ángel Guerrero

Instituto Valenciano de Oncología (IVO), Valencia, Spain

Dr. Guerrero Zotano studied at the Universidad Autónoma de Madrid and specialised in Medical Oncology at the Hospital Universitario La Fe in Valencia. He has completed training stays in oncology centres of excellence such as the Royal Marsden Hospital (London, 2005) and the Langone Cancer Center (New York, 2008).

He worked for three years in the transnational research laboratory of Dr. Carlos Arteaga (Vanderbilt University, USA), training in the use of massive genomic sequencing technologies and in the study of resistance to targeted therapies. He is a member of the American Association for Cancer Research (AACR) and the Spanish Breast Cancer Research Group (GEICAM), of which he is a member of the translational research committee.

He is the author and co-author of more than 30 publications in national and international scientific journals.
